

# MONIKA JENSEN

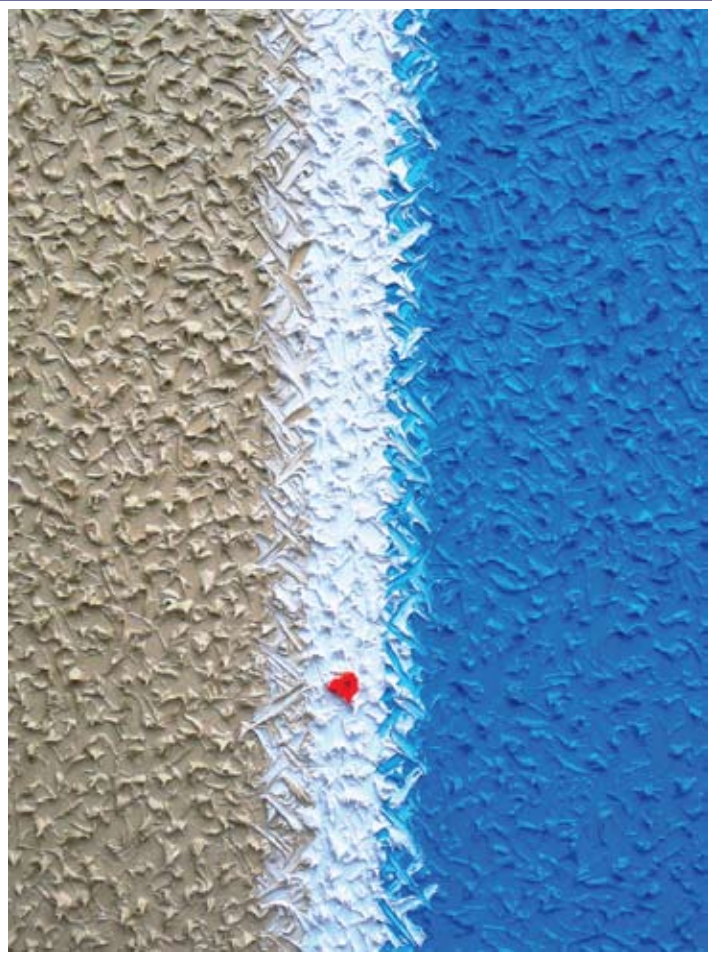

Wassily Kandinsky declared “Of all the arts, abstract painting is the most difficult. It demands that you know how to draw well, that you have a heightened sensitivity for composition and for color, and that you

be a true poet. This last is essential.” Canadian Contemporary Master Monika Jensen pays homage to this credo with her striking abstract paintings which are exploding with brilliant color and teeming with a delicate tension of form. Saturated with lyrical creativity and radiating with emotion, her works orchestrate a symphonic dialogue with the viewer on a transcendental level of perception and experience.

Transporting the audience into existential states of imagination and reflection, Ms. Jensen comprehends the power of emotion as she tangibly manifests the visceral in her non-objective paintings which communicate her passionate ideas. Poetically intermingling electrifying hues and harmonious tones with a swirling array of textural brushstrokes laden with intense impasto, her paintings convey the huetopia of her soul as they dance across the canvas to become a nexus of light.
