Lihong Zhang's evanescent floral and landscape paintings transcribe nature through her personal visual lexicon. Translating her unique artistic vision of the world onto canvas, Ms. Lihong Zhang's brilliantly colored dreamscape reveries illuminate the effervescent energies and fleeting dynamism of the natural realm. Guided by a spectral color palette, she invites a spiritual contemplation of the lusciousness of the natural terrain, fusing the dazzling imagery of nature with the sensation and emotion of powerful painterly expressions. Intermingling East meets West, Ms. Zhang wishes to enshrine that which is beautiful with artwork that radiates positivity, peacefulness, and serenity. By freezing ethereal scenarios and offering a permanent remembrance of the temporality of the terrestrial kingdom, her oil paintings are emblematic of inner peace and are a visual reminder to treasure the universe.

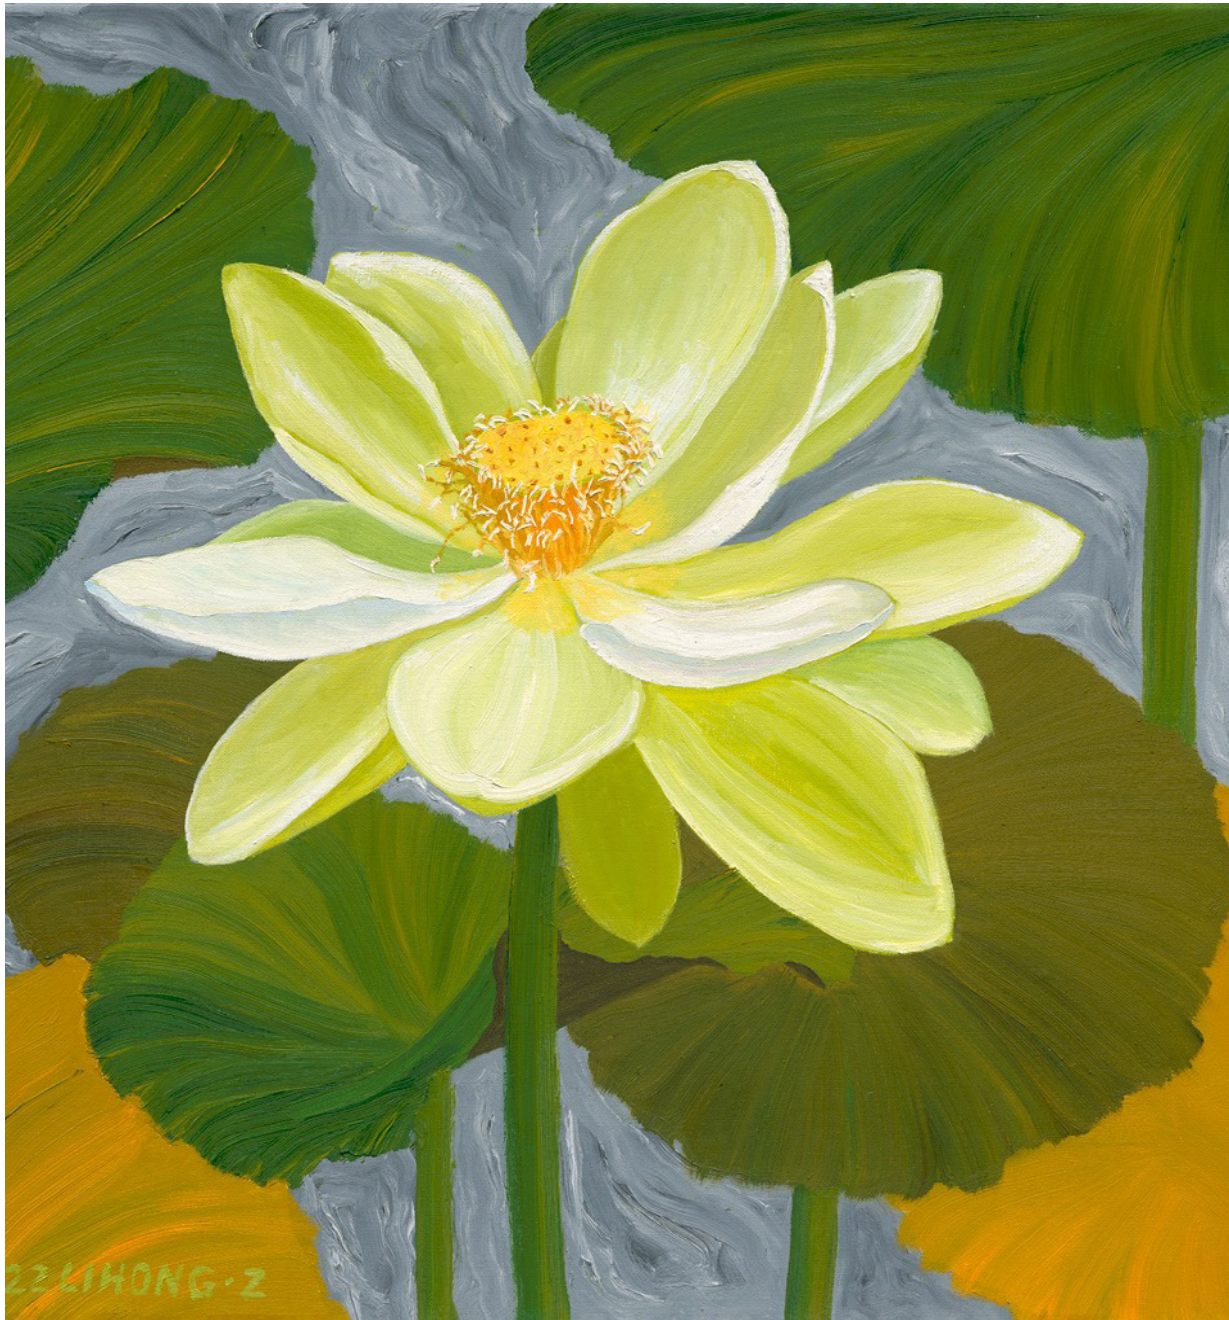

Noted for her unique and distinctive personal painting language utilizing bold colors and decisive brushstrokes, her signature imprimatur of the Lotus Flower, expresses Eastern Zen. Celebrating the kaleidoscopic color patterns of nature and its reflective surface in the world, she rejoices in Mother Nature's lush curves and impassioned colors. With unique imagination, this gifted artist's oeuvre joyfully communicates the exuberant language of the terrain through undulating bursts of celestial color. A myriad of rich, expressive hues intersect on the canvas with a beautiful intermingling of tones that contribute to a feeling of tranquility and charm. Adroitly encapsulating nature's eternal grace and everlasting presence, she allows the emotional power of the floral and fauna realm to blossom onto her canvases. Challenging the viewer to treasure the wonders of the land, the result is a radiantly dramatic remembrance of an encounter with nature that transcends the everyday.
